

Dear Art of Gold,

Please accept our heartfelt thanks for the outstanding service we received at Art of Gold. We could not be more pleased with the engagement ring you created for us. Our friends and family are equally impressed. Complete strangers have even offered compliments! Your experience, wisdom & taste were important parts in creating an elegant ring, which will stand the test of time. After each of our many meetings with you and Thao we discussed how happy and confident we were with our choice of jeweler. We truly enjoyed our experience with you.

Thank you so much,
Marilyn and Tony

"The quality and unique craftsmanship of Can's jewelry are unlike what you would find in a retail or chain store. The attention to detail he puts into creating his pieces have made him our go-to jeweler! Not just for new pieces but repairs as well. I am a very picky customer when it comes to jewelry and would never go elsewhere after discovering the Art Of Gold. The customer service is unparalleled, and while it may sound odd, I truly consider all of the people at Art of Gold a second family."

- Susan T.

"Extremely creative, honest, friendly and a business where product equals value."

- Pat L.

"They offer excellent and personalized service; go out of their way to assist a person in any matter regarding jewelry, whether it be the choice of stone, a design incorporating antique jewelry, difficult to set stones, artful and quality design, and the like. They have lovely and unique rings, earrings, necklaces, and other items in their cases. Perhaps most important is their friendliness and careful consideration of customers."

- Wanda B.

"Lots of research revealed that Art of Gold was the best place for us to do our engagement/wedding rings. Can and his lovely daughter Thao made the design process quite fun. 7 years later and the compliments still often come on how beautiful my wedding set is. We were sad to have to move away from Denver, but that has not stopped us from using Art of Gold for all of our jewelry needs and exchanging photos and ideas with e-mail. Can has designed cufflinks and earrings for us that are stunning. We're treated like family. This is a gifted artisan and a man you can trust."

- T and MK

"I've just received a custom enhancer pendant with my own Antique Roman Coin mounted with diamonds in white & yellow gold. Am thrilled with the quality, workmanship and originality of design. Great communication throughout design process, timely execution & reasonable price for superior work."

- Sandra B

"I am always asked..."Where did you get that ring, or that necklace or those earrings, or that bracelet?" What greater compliment could there be! I can not wait until the next special occasion to see just what my husband asks Can Van Le, the owner of Art of Gold, to design for me!"

Kathleen H

"Their designs are unique and intriguing. Service is top-notch. In one example, a couple of years back, Thao from the store helped me find the perfect gift (a beautiful white gold pendant with a diamond inside a sweeping heart shape) for my wife to celebrate our first child. She gets more compliments on that piece than any other in her collection! Will be consulting with them for next purchase shortly."

Robert P

"Art of Gold is an incredible jewelry store. They are friendly as well as professional and wonderful to work with. I recently worked with Can to design my engagement ring and can honestly say it is the most gorgeous and unique ring I have ever seen! The compliments I receive are great!!! My ring is truly a work of art. Art of Gold is A+++."

Novar

"Not only do they have a wide variety of beautiful, unusual jewelry, but Thao remembers my name, and my husband and kid's names, even if I haven't been in the shop for months! The designs are outstanding, and the prices are great for the quality of fine pieces. I refer friends to Art of Gold frequently."

Priscilla C

"The jewelry is unique and of the highest quality. They can customize something for you, or you can pick from an array of wonderful designs they have already created. The customer service is excellent - the employees knowledgeable, friendly and professional. I would recommend Art of Gold to anyone who is looking to change or enhance a piece of jewelry they already own or to purchase one of Art of Gold's fine pieces to add to their collection."

Laura G.

"My husband I who live in California worked with Art of Gold to redesign our wedding rings. They were very helpful in sending sketches via e-mail, and we made our selection from many beautiful designs. We sent the rings to Denver, and the diamonds were remounted on new ring designs. The rings were far more fabulous than we had ever envisioned. Art of Gold is truly deserving of being voted as the best of the best in jewelry design and customer service!"

Shawn R

"Art of Gold is an incredible jeweler. They are knowledgeable in their field, honest in their appraisal of what they can and can't do (and they recommend other options when they can't do what you need) and have helped me with many of my jewelry pieces. I trust their work and their knowledge."

Adrean

"Art of Gold is a family-run jewelry shop, and they always make customers feel welcome and at-home. There is no pressure or attitude other than that of service to answer questions or design a personalized piece of art. Art of Gold did a fabulous job of designing my wedding ring band to fit with the engagement band from a different jeweler. People pay me compliments all the time on the unique finish of the wedding band, and I always refer them back to Art of Gold. It's always a pleasure to go into the shop and see the newest beautiful designs and chat with the friendly and knowledgeable staff. It's worth a visit to the shop just to check out the unique and varied designs and the sheer beauty of the settings and gemstones used in the pieces."

Mtngirl17

"I had my wedding ring designed and created which was beyond my expectations. The service was quick, professional and friendly plus I learned a lot. My husband has a ring that he absolutely loves which was at the suggestion of the staff."

Karrin

"I had several heirloom pieces of jewelry remade into things I wear every day. I love them all. I experienced by far the best most honest service! The jeweler is a true craftsman. I live in Cheyenne, WY and several times the items were shipped to me without trouble. I love the Art of Gold and recommend this jeweler quite often to friends in Cheyenne."

Ellen L

"Can Le manages to produce the highest quality jewelry; combined with his attention to detail and highest quality material and unique design...I have been very satisfied with his entire line of jewelry. His designs appeal to a large variety of tastes, from young to elderly, you can find exciting jewelry throughout his store."

- James M.
